Student (subclass 500) visa conditions

Maintain health insurance (visa condition 8501)

This condition means that you must maintain adequate arrangements for health insurance (generally Overseas Student Health Cover) while you are in Australia. You must not enter Australia before your Overseas Student Health Cover has begun. You are not permitted to remain in Australia after your Overseas Student Health Cover has expired. If you are a student from Norway, Belgium or Sweden you may not need to maintain Overseas Student Health Cover.

Work limitation (visa condition 8105)

This condition means you must not engage in any work in Australia before your course of study commences unless at the time of applying for this visa, you held a substantive visa or a bridging visa (the previous visa) and you were permitted to work in Australia during the period that the previous visa was in effect.

You also must not engage in work in Australia of more than 40 hours a fortnight when your course of study or training is in session.

The 40-hour requirement does not apply if:

- you are engaged in work that was specified as a requirement of the course when the course particulars were entered into the Commonwealth Register of Institutions and Courses for Overseas Students; or
- you are the holder of a Student visa granted in relation to a masters degree by research or doctoral degree and you have commenced the masters degree or doctoral degree.

In this clause:

fortnight means the period of 14 days commencing on a Monday.
